## Reviews:

*“Pellingner has a gift for the kind of music he is playing. His sound and method are that of, say, Tom Petty or maybe Elvis Costello albeit he sounds like neither. What he does have is a basic blue collar, common denominator-type thing.*

*Go see him...you won't be disappointed.”*

T. Alexander—Pulse of the Twin Cities

*“Jim's first release is a wonderful collection of brilliantly understated pop, folk, and rock...If you still believe that the virtues of hard work are more important than big corporate money (and even if you still need to be convinced) the proof is on the tape.”*

Bill Snyder—The Squealer
